

Bombardier Global 5500

Ultra-long range private jet.

Global 5500 with its spacious and beautifully designed cabin, every trip feels more like a luxury retreat than just a flight. It comfortably seats up to 16 passengers, giving everyone plenty of room to stretch out, relax, or get some work done.

The seats and sofas easily convert into up to six cozy beds, perfect for catching some sleep while you soar across continents. Whether you're flying for business or pleasure, this jet ensures you arrive refreshed and ready.

It climbs quickly to 43,000 feet, getting above the weather so you can enjoy a smooth, turbulence-free ride. With a max speed of nearly 946 km/h and a range of 10,740 km, you can fly nonstop from Europe to North America or Asia without worrying about fuel stops.

In short, the Bombardier Global 5500 isn't just a jet—it's a statement. For those who demand the best in comfort, performance, and range, this aircraft delivers every time.
