

Hawker 4000

A super-midsize private jet.

Hawker 4000 offers the perfect balance of spacious cabin, high speed, extended range, minimal noise levels, and efficient operating costs.

Its expansive cabin transforms every journey into a comfortable experience, complete with stunning views. It can accommodate up to 10 passengers at a time. And for those considering a night flight, the Hawker 4000 can convert into four cozy beds.

For those seeking to travel in unrivaled style, whether across continents or oceans, the Hawker 4000 stands out as the perfect choice.

Thanks to its unique composite materials, it can climb to 41,000 feet in less than 19 minutes and escape bad weather to provide you exceptional comfort.

Travel speed of almost 900 km/h and a range close to 6000 km means you can fly from Europe to the Caribbeans with only one fuel stop!
